Specializing in Comprehensive Claims  
and Loss Management Solutions

# Are You Handling Your Claims or Are They Handling You? Let Aegis Corporation Help.

Aegis Corporation, a Wisconsin company, offers broad-based and client-focused claims management services, from pre-claim loss control through litigation. From our proprietary claims management system to our litigation management division, our claims management solutions are comprehensive and are created specifically for your governmental entity, school district or business.

Above all, our greatest asset is our ability to use state-of-the-art technologies and programs and combine them with our highly experienced and readily accessible staff to meet your unique claims management needs.

*We are experts. We can help.*

## **CLAIMS SERVICES**

Using our proprietary software reporting system and working with a highly experienced staff that are professionally designated in the claims industry, we believe one of our biggest strengths is working closely with our clients to handle claims. At Aegis Corporation, we have an entire claims management system to meet your needs. This system includes:

- Accessing claims via IMS, our software developed by Aegis Corporation, based upon years of experience and customer needs.
- Operating a 24/7 claims reporting system.
- Using claims best practices. Our network of experienced and well-trained claims professionals execute fast three-point contact with the medical provider, employer and injured worker to help control claims costs.
- Working with Wisconsin-based vendors and providing services that exceed industry standards.

## **Managed Care Claims**

### **Administration Services**

- We provide managed care services including, but not limited to, medical bill analysis and specialty bill analysis, medical case management, disability case management, vocational rehabilitation and job placement.

## **Self-Insured Workers' Compensation Claims Services**

- Let Aegis Corporation help your self-insured workers' compensation program by providing cost containment measures, case management and claims management.

## **Medicare Mandatory Insurer Reporting Requirement Services**

- Aegis Corporation's Medicare Consul Services (MCS) is a one-stop reporting solution to manage all of your Medicare Mandatory Insurer Reporting requirements.

## **Pre-Claim Loss Control Services**

- Pre-claim loss control field representatives covering the entire state of Wisconsin.
- On-site risk management and pre-claim loss control training by our loss control staff to help you avoid claims.

## **LITIGATION MANAGEMENT SERVICES**

When a workers' compensation or liability claim does occur, Aegis Corporation works quickly and effectively to reduce the impact on your governmental entity, school district or business. This includes:

- A claims control staff that are industry experts and have long-standing and developed relationships with 30-plus leading law firms in Wisconsin;
- A strong understanding of litigation and the legal process here in Wisconsin;
- A dedicated staff that is accessible when you need them and there to guide claims through the system.
